SOLID WASTE COMMERCIAL PRICE LIST - FY 2006

The tipping fee schedule for regular solid waste at the I-95 Landfill, I-95 Energy Resource Recovery Facility and I-66 Transfer Station will remain at \$48 per ton during Fiscal Year 2005 (July 2005 - June 2006).

| | |
|---|------------------|
| ◆ Commercial Cash Program/Citizen Facilities | \$55.00 per ton |
| ◆ Fairfax Solid Waste from bonded permits | \$48.00 per ton* |
| ◆ Brush, all customers | \$30.00 per ton |
| ◆ Yard Waste (bagged & unbagged), all customers | \$44.95 per ton |

*** A lower disposal price of \$44.95 is available, if your company wishes to enter into a contract with the County. Please contact Fairfax County for further information regarding this program.**

Please note that disposal firms may use other permitted brush and yard waste processing facilities. However, if other sites are used, monthly invoices will not be processed through your Fairfax County account.

Fairfax County currently participates in the Virginia End User Tire Program. Tire disposal rates are as follows:

| | |
|---|------------------|
| ◆ Non-End User (Non-Virginia) | \$ 82.50 per ton |
| ◆ Virginia User (Virginia Only) | \$ 60.00 per ton |
| ◆ Oversize Tires (Loaders, Tractors, etc.) | \$135.00 per ton |
| ◆ Tires on rims are charged an additional fee | \$ 4.00 per rim |
| ◆ Additional charge for dirty, muddy tires | \$ 10.00 per ton |

To be eligible for the End User Program, tire generators and haulers must complete a Virginia Certification Form (available from the scale complex or Virginia Department of Environmental Quality).

All fees are subject to change depending upon conditions/regulations.

If you have any questions, please contact our office at (703) 324-5230.
